EDUCATION

SDM Institute of Technology, Ujire (DK)

Computer Science Bachelor of Engineering

2022 - 2026

CGPA: 8.6

BGS Gurukula Independent PU College

PCMB 12th / PUC

2021 - 2022

Percentage: 74.5%

Sri Adichunchanagiri Vidyavardhaka High School

Degree in 10th Standard

2019 - 2020

Percentage: 88%

EXPERIENCE

Dhee Coding Labs (BTM Branch) | Mern Full Stack trainee

Bengaluru | Feb 2026 - June 2026

Currently upskilling in MERN Stack Development and building full-stack web applications to strengthen practical development skills. Proficient in HTML, CSS, JavaScript, React.js, Node.js, Express.js, and MongoDB. Passionate about developing scalable web solutions and continuously learning modern software development technologies.

SKILLS

Programming Languages: Html, Css, Javascript

Libraries/Frameworks: Javascript, React

Databases: MongoDB

PROJECTS / OPEN-SOURCE

Image Inpainting

- Reconstructed missing or corrupted image regions with realistic visual content.
- Trained and tested the model on image datasets to improve restoration performance.
- Applied image processing and computer vision concepts for image enhancement.
- Evaluated model accuracy and visual quality using performance metrics.

BookMyShow Clone

- Developed a full-stack movie ticket booking application using MongoDB, Express.js, React.js, and Node.js.
- Implemented secure user authentication and role-based access for customers and administrators.
- Built RESTful APIs for movie management, show scheduling, and ticket booking operations.
- Designed a responsive user interface for movie browsing, seat selection, and booking confirmation.
- Developed an admin dashboard to manage movies, theatres, shows, and booking records efficiently.

HONORS & AWARDS

- Participated On Hackathon
